Important Safety Instructions!

When using your telephone equipment, basic safety precautions should always be followed to reduce the risk of fire, electric shock and injury to persons, including the following:

- This unit is NOT waterproof. DO NOT expose this unit to rain or moisture.
- Avoid using a telephone (other than a cordless type) during an electrical storm. There may be a remote risk of electric shock from lightning.
- Do not use the telephone to report a gas leak in the vicinity of the leak.
- Use only the power cord and batteries indicated in this manual. Do not dispose of batteries in a fire. They may explode. Check with local codes for possible special disposal instructions.
- Do not place the handset in any charging cradle without the battery installed and the battery cover securely in place.

SAVE THESE INSTRUCTIONS!

INSTALLING YOUR HANDSET

Charge the Battery

1. Unpack the handset, battery pack, and battery cover. If you need to remove the cover, press in on the notch and slide the cover down and off.
2. Line up the battery connector with the jack inside the handset; the connector only fits one way.
3. Push the connector in until it clicks into place; tug gently on the wires to make sure the battery is securely connected.
4. Replace the battery cover and slide it into place.
5. Use the AC adapter to connect the power jack on the charger to a regular indoor (120V AC) power outlet.
6. Place the handset in the charger with the display facing forward. If the display doesn’t light up, reseat the handset or connect the charger to a different outlet.

# Charge the handset completely (about 15 hours) before using it.

REGISTRATION TO A BASE

The accessory handset won’t work until you register it to a base!

Compatible Bases

This handset is designed for use with Uniden’s D1780-2BT base. For the list of which bases this handset is compatible with, see our website.

Registration Methods

Does the handset fit in the base cradle?

Yes  Place the handset in the base. The display should say Registration.
No  1. On the base, press MENU/SELECT to open the menus and then scroll to Register Accy. Press MENU/SELECT.
    2. On the handset, press and hold # until the handset display says Registering (about 2 seconds).

No  1. On the base, press and hold FiNd when the phone is in standby (about 5 seconds).
    2. On the handset, press and hold # until the handset display says Registering (about 2 seconds).

# After about 30 seconds, the handset display should say Registration Complete.

Test the connection

Pick up the handset and press TALK/FLASH. Make sure you get a dial tone. (Press END to hang up.)

If... Try...

you don’t hear a dial tone

the display says Registration Failed

Making sure the handset is fully charged, then trying again.

IMPORTANT INFORMATION

All features and operation for the handset are described in the user’s guide for the base.

User guides for all Uniden phones are available on our website for free downloading.

When the battery gets low, the handset beeps and shows a low battery alert; put the handset in the cradle for recharging.
Recyclable Nickel-Metal-Hydride Battery Warning

The batteries in this equipment may explode if disposed of in a fire. Do not disassemble the battery. Contact your local waste-disposal or battery-seller for information on Ni-MH battery recycling in your area. We are working to reduce the amount of waste that goes into landfills. Most local communities offer recycling programs today. See “RF Exposure Information” for further details.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. This warranty is void outside the United States and Canada.

One-year Limited Warranty

It is unlawful for any party to offer or provide a warranty on Uniden products other than as stated herein. To obtain service under this warranty, you must return the product to a designated Uniden service center. This warranty does not cover customer instructions, setting up the product, or connecting the product to a telephone line.

WARRANTY DURATION: This warranty to the original retail owner shall terminate and be of no further force or effect if the product: (A) is not used solely in connection with the system for which it was designed; (B) is used in any conjunction with equipment or parts or as part of any system not manufactured or certified by Uniden; (C) is used in any manner that causes damage or harm to the system or other equipment; (D) is used in any manner that causes interference with, or damage of, other systems or equipment; (E) is sold by Uniden, (F) improperly installed, (G) serviced or repaired by someone other than an authorized Uniden service center, or (H) is altered, modified, or repaired by anyone other than an authorized Uniden service center. The warranty will be void at any time while this warranty is in effect, warrantor will either, at its option, repair or replace the defective unit and return it to you without charge for parts, service, or labor.

STATEMENT OF REMEDY: In the event that the product does not conform to this warranty, the sole and exclusive remedy is repair or replacement of the product, at Uniden's option. Warrantor is not liable for any incidental or consequential damages. Warranty is void outside the United States and Canada.

THIS LIMITED WARRANTY IS THE ONLY EXPRESS WARRANTY WHICH APPLIES TO THE UNIDEN PRODUC.

WARRANTOR: UNIDEN AMERICA CORPORATION (“Uniden”) 3100 Meacham Drive, Fort Worth, Texas 76177

We have determined that this product meets the technical specifications required for use in the United States. The registration number before the radio certification number only signifies that Industry Canada technical specifications were met. Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of this device. “Privacy of communications may not be ensured when using this telephone.”

射频辐射信息

FCC PART 15.105(b):

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference, including interference that may cause undesired operation of this device.

FCC Part 15 Information

Privacy of communications may not be ensured when using this telephone.

Compliance information

This product complies with FCC radiation exposure limits under the following conditions: The base must be placed to allow a minimum of 20 cm (8 inches) between the antenna and all other persons during normal operation. The handset is designed for body-worn operation and meets FCC RF exposure guidelines when used with an accessory designed for use on the hip or chest. Contact your local waste-disposal or battery-seller for information on Ni-MH battery recycling in your area.
