**DCX309 Accessory Handset User’s Guide**

**What's in the box?**
- AC adapter (PS-0035)
- Battery cover
- Rechargeable battery pack (RT-1025)

**If you... try...**
- You don't hear a dial tone: the display says Registering/Failed (about 2 seconds).
- The display says Registering (about 2 seconds). If you need to remove the cover, press in the notch and slide the cover down and off.
- You cannot remove the battery from the handset: the connector only fits one way.
- You cannot replace the battery: the battery cover is secure in place.

**SAVING THESE INSTRUCTIONS!**

**Installing Your Handset**

**Charge the Battery**

1. Unpack the handset, battery pack, and battery cover.
2. Line up the battery connector with the jack inside the handset; the connector only fits one way.
3. Push the connector in until it clicks into place; tug gently on the wires to make sure the battery is securely connected.
4. Replace the battery cover and slide it into place.
5. Use the AC adapter to connect the power jack on the charger to a standard AC power outlet.
6. Place the handset in the charger according to the display facing forward. If the display doesn’t light up, reset the handset or connect the charger to a different outlet.

**Registering to a Base**

- The accessory handset won’t work until you register it to a base!

**Compatible Bases**
- This handset is designed for use with Uniden’s D3097 and D3098 bases.

**Registration Methods**

1. On the base, press MENU until the “Register” line appears on the display.
2. On the handset, press and hold # until the display says “Registering” (about 30 seconds).
3. On the base, press and hold RB until the phone is in standby (about 30 seconds).
4. On the handset, press and hold # until the display says “Registering” (about 2 seconds).

**After about 30 seconds, the handset display should say “Registered.”**

**Test the connection**

Pick up the handset and press # to dial 9. Make sure you get a dial tone. (Press # to hang up.)

**IMPORTANT INFORMATION**

- All features and operation for the handset are described in the user’s guide for the base. User guides for all Uniden phones are available at our website for free downloading.

**Important Safety Instructions!**

When using your telephone equipment, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and personal injury, including the following:

- It is not waterproof.
- Do not use this product near water, for example, near a bath tub, wash bowl, kitchen sink or laundry tub, in a wet basement or near a swimming pool.
- Avoid using a telephone during an electrical storm. There may be a remote risk of electric shock from lightning.
- Do not use the telephone to report a gas leak in the vicinity of the leak.
- Use only the power cord and batteries indicated in this manual. Do not dispose of batteries in a fire. They may explode. Check with local codes for possible special disposal instructions.
- Do not place the handset in any charging cradle without the battery installed and the battery cover securely in place.
- If any items are missing or damaged, contact our Customer Care Line immediately. Never use damaged products!

**Check the handset completely (about 15 hours) before using it.**

**SAVE THESE INSTRUCTIONS!**
Compliance information

Any modifications or adaptations to this product not expressly approved by the manufacturer or other party responsible for compliance could void your authority to operate the product.

FCC Part 15 Information

This product complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC ID: RHU-MB550

Warning: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. Operation of this equipment in a residential area is likely to cause harmful interference in which case you should consult your dealer or an experienced radio/TV technician for assistance.

IC: 371B-MB550

Rechargeable Nickel-Metal-Hydride Battery Warning

- Do not recharge the battery with any charger other than the one supplied.
- Do not incinerate the battery.
- Do not charge or use the battery while it is wet.
- Do not crush, puncture, or mutilate the battery.
- Do not put the battery in a fire or oven.
- Do not solder or short-circuit the battery.
- Do not leave the battery unattended when charging, as the battery can overheat and cause minor burns.

One-year Limited Warranty

For terms and conditions of this limited warranty, please refer to your product manual.

WARRANTOR: UNIDEN AMERICAN CORPORATION ("Uniden")

ENGINEERED AND MANUFACTURED BY: Uniden

This limited warranty is valid only to the original retail owner of this Uniden Product to whom it was sold by Uniden or an authorized Uniden Reseller in its original condition and packaging with all parts and accessories originally sold with the Product, for good and valuable consideration, receipt of which is hereby acknowledged.

WARRANTY DURATION: This warranty to the original retail owner shall terminate and be of no further effect 12 months after the date of original retail sale. The warranty is limited to the original retail owner of this Uniden Product to whom it was sold by Uniden or an authorized Uniden Reseller in its original condition and packaging with all parts and accessories originally sold with the Product, for good and valuable consideration, receipt of which is hereby acknowledged.

POLICY: Uniden agrees, within the terms and conditions set forth herein, to replace or repair this Uniden Product during the warranty period if the Uniden Product fails due to a defect in materials or workmanship. Uniden reserves the right to determine whether the failure is due to materials or workmanship by visual inspection. Uniden shall not be responsible for any unalienated battery for battery power source failures caused by the battery. Rechargeable batteries must be recycled or disposed of properly. Failure to do so may cause battery to explode.

PROCEDURE FOR OBTAINING PERFORMANCE OF WARRANTY: If, at any time while this warranty is in effect, you the original retail owner, should have reason to believe that this Uniden Product does not conform to the specifications set forth herein, or if you believe that this Uniden Product is defective, you must take the following steps:

1. Return the Uniden Product to your point of purchase together with a copy of your sales receipt as proof of warranty coverage. If the Uniden Product is still under the original retail sale warranty period, Uniden will provide you with a replacement Unit. If, after following the above procedures, you are not satisfied, you may contact Uniden through the service information provided herein.

2. Return the Uniden Product to Uniden at your expense for repair or replacement. Uniden will pay all labor and material charges incurred in repairing or replacing the Uniden Product under warranty. In the event Uniden determines that the Uniden Product is not defective, or that the defect is not covered under the terms of this warranty, you must pay Uniden's labor and material charges, and Uniden will return the Uniden Product to you at your expense.

3. All warranties are hereby declared to be in lieu of all other warranties, expressed or implied. Uniden shall not be liable for any incidental or consequential damages arising out of the use of or inability to use this Uniden Product, even if Uniden has been advised of the possibility of such damages, or for any claim by any other party.
