WARNING!

Battery life remaining.

1) Rotate vol/off
2) Tap menu/grp
3) Press mon

The channel is clear. Then press CHCX.
The current channel cycles through the channels.
The channel number changes as the radio rapidly searches.

Turning the Radio On and Adjusting the Volume

1) Ensure the radio is off.
2) Ensure the power channel (8-14) is selected.

This setting selects the tone you hear when the person you are talking to is clear.

142 Privacy Codes (CTCSS Tone Service) radio. This lightweight, palm-sized, Uniden GMR1588-2CK/GMR1595-2CK radio uses a lithium-ion battery pack. 

Congratulations on your purchase of the Uniden GMR1588-2CK/GMR1595-2CK. Your GMR1588-2CK/GMR1595-2CK radios can be used in group mode.

1) Make sure the radio is off.
2) Press and hold menu/grp
3) Press mon

Note: With each press, you hear a sample of the call tone.

All Call

This setting selects the tone you hear when the entire group is clear.

Direct Call

You can select a Privacy Code from 1-142 for each channel.

Your conversation remains private between you and the person(s) you want to talk to.

To set the radio to Group Mode, which enables people in your group to communicate with each other, follow these steps.

1) Enter the menu. Advance through the menu until you come to the group settings menu.
2) Press the group settings menu.
3) Press the group settings menu again.
4) Press the group settings menu a third time.
5) Press the group settings menu a fourth time.

You can now send a direct call.

Press and hold PTT, then press mon.

The channel changes, the channel icon flashes, and the group icon flashes. The channel is clear. Then press CHCX.

To record the unit ID and everyone in your group to another channel from a single radio:

1) Enter the menu. Advance through the menu until you come to the group settings menu.
2) Press the group settings menu.
3) Press the group settings menu again.
4) Press the group settings menu a third time.
5) Press the group settings menu a fourth time.
6) Press the group settings menu a fifth time.
7) Press the group settings menu a sixth time.

Your conversation remains private between you and the person(s) you want to talk to.

Setting Scramble

Channel scan feature that lets you easily scan all channels in group mode.

1) Enter the menu. Advance through the menu until you come to the group settings menu.
2) Press the group settings menu.
3) Press the group settings menu again.
4) Press the group settings menu a third time.
5) Press the group settings menu a fourth time.

Your conversation remains private between you and the person(s) you want to talk to.

Setting Scramble

You can select a Privacy Code from 1-142 for each channel.

Your conversation remains private between you and the person(s) you want to talk to.
