Congratulations on your purchase of a Uniden SX507!

The SX507 is a powerful radio that offers many valuable features. Use it at sporting
events, on the job site, or any time you need to communicate quickly and
accurately. The SX507 is water resistant, suitable for rugged outdoor
conditions.

The SX507 comes with many accessories to help you get the most
out of your radio. If your radio is not in good condition and that there is no
damage, return it to your local radio dealer.

Each radio uses 3 rechargeable 1000mAH AA batteries. Be sure to install
them properly so that the correct polarity is maintained.

After your radio is submerged in water, you can replace the battery pack
immediately. After the charging cradle is not waterproof. If the
cover are well maintained and correctly fitted.

Overview.......

The SX507 has a battery level meter that
displays the current battery level. When the
table.

Assemble the radio and...
