Important Safety Instructions!

This manual contains important information about this product’s operation. If you are installing this product for others, you must leave this manual or a copy with the end user.

When using your equipment, always follow basic safety precautions to reduce the risk of fire, electric shock and injury to persons, including the following:

► This equipment is NOT waterproof. DO NOT expose it to rain or moisture.
► DO NOT immerse any part of the product in water. Do not use this product near water, e.g., near a bath tub, wash bowl, kitchen sink or laundry tub, in a wet basement or near a swimming pool.
► To avoid any risk of electric shock from lightning, avoid handling any electronic devices (except battery powered ones) during an electrical storm.
► Use only the power cord and/or batteries indicated in this manual. Never dispose of any batteries in a fire: they may explode. Check with local codes for possible special disposal instructions.
► Never tug or pull on any power cord: be sure to leave some slack in the cord when placing your equipment, and always use the plug to unplug cord from the wall outlet.
► Never leave power cords where they can become crushed, cut, or frayed; when running power cords, avoid letting them rub against any sharp edges or lie across any high traffic areas where people might trip over them.
► Do not use the device if the adapter cords or plugs have been damaged, the unit has been exposed to liquids, or the unit has been dropped or is damaged.

Warnings to Parents and Other Users
Failure to follow these warnings and the assembly instructions could result in serious injury or death. This product is not designed or intended for use as a medical monitor, nor should this product be used as a substitution for medial or parental supervision. Always be sure that both the transmitter and receiver are working properly and are within range of each other.

► STRANGULATION HAZARD. Keep the adapter cords out of the reach of children.
► WARNING: KEEP OUT OF THE REACH OF CHILDREN. This product is not a toy and is not intended for use by any children under the age of 13. If you are between the ages of 13 and 18, review these terms, conditions and safety warnings with your parents or guardian.
to make sure that you and your parent or guardian understand these terms, conditions, and safety warnings.

- Allow for proper ventilation when units are in use. Do not cover the camera or receiver with any object such as a blanket. Do not place it in a drawer or in any location which would muffle the sound or interfere with the normal flow of air.

**SAVE THESE INSTRUCTIONS!**

**For best results:**
To avoid damage to your equipment, follow these simple precautions:

- Do not drop, puncture or disassemble any part of the equipment. There are no user-serviceable parts inside.
- Do not expose the equipment to high temperatures, and avoid leaving the equipment in direct sunlight for more than a few minutes. Heat can damage the case or electrical parts.
- Do not place heavy items on top of the equipment or expose the equipment to heavy pressure.
- Remove the power adapter during long periods between usages.
- Clean only with a dry cloth.

**Failure to follow the instructions in this operating manual will void the warranty. Uniden assumes no liability for damages to property or injury to persons caused by improper handling or failure to comply with these safety instructions.**

Connecting the Power

1. Connect one end of the AC adapter to the camera’s power connector and the other end to a standard 120 volt AC outlet.

2. Press the POWER button on the camera; the Power status light should turn on. If it doesn’t, try reconnecting the AC adapter, and make sure the power outlet isn’t controlled by a wall switch.

Charging the Batteries
The batteries in your camera will charge whenever the power is connected. Let the batteries charge completely (about 8 hours) before you unplug the camera to move it around. (You can still use the camera: just keep it plugged in.)

Using the Camera Mount

The camera has a built-in stand so you can place it on any flat surface. If you want to place your camera on a wall or a ceiling (or even if you just want to secure it to a flat surface), you can use the included camera mount. (You might want to bring the receiver along when you mount the camera; it’s much easier to get the camera into the right position when you have the display handy.)
1. Hold the base of the mount where you want to attach it, and mark the location of the screw holes.

2. Use the included screws and anchors to attach the base to the wall or ceiling.

3. Attach the camera to the mounting screw. Tighten it a few turns, then turn it to the direction you want.

4. Tighten the camera brace up against the back of the camera to secure it into place.

5. Unlock the mounting post by turning the wingnut to the left a few turns.

6. Set the mounting post to the correct angle, then tighten the wingnut until the post is locked into place.

---

**Diagram:**

- **Camera brace**
- **Mounting screw**
- **Mounting post**
- **Post lock**
- **Screw holes**

**Instructions:**

1. **Attach the camera to the mounting screw** and turn it to the desired direction.
2. **Tighten the brace against the camera** to secure it in place.
3. **Loosen the wingnut** to unlock the mounting post.
4. **Adjust the post to the correct angle**, then tighten the wingnut to lock the post into place.
Pairing the Camera

Before you can use the camera, you’ll need to “introduce” or pair it to the receiver so they can communicate. You might also perform the pairing procedure if you are having trouble with the camera.

1. Make sure the camera is powered on.
2. On the receiver, select the channel you want to pair this camera to, and put the receiver into pairing mode. (This process is slightly different on each receiver. See the manual that came with your receiver for instructions.)
3. On the camera, press **LINK** to put the camera into pairing mode.
4. Switch the receiver to this camera’s channel, and verify that the camera’s video signal appears on the correct channel. (You might have to enable the new channel first.)

For more information about pairing a camera to your receiver, see the manual that came with your receiver.

Polymer-Lithium Battery Warning

**CAUTION! Risk of explosion if battery is replaced by an incorrect type!**

- This equipment contains a rechargeable polymer-lithium battery.
- Do not attempt to charge the battery in temperatures below 0° C (32° F) or higher than 45° C (113° F).
- Dispose of used batteries according to the instructions.
- Do not open or mutilate the battery.
- Disconnect the battery before shipping this product.
- The rechargeable batteries contained in this equipment may explode if disposed of in a fire.
- Do not short-circuit the battery.
- Do not charge the rechargeable battery pack used in this equipment with any charger other than the one designed to charge this battery pack as specified in the owner's manual. Using another charger may damage the battery pack or cause the battery pack to explode.

**Rechargeable Batteries Must Be Recycled or Disposed of Properly.**

Recycling and Disposal Information

- Do not dispose of electronic devices or any of their components (especially batteries and LCD displays) in your municipal trash collection.
- Consult your local waste management authority or a recycling organization like Earth911.com to find an electronics recycling facility in your area.
- If you are unable to locate proper recycling facilities in your area, please return this product to Uniden for recycling.
FCC Compliance Information

Part 15 Compliance Statement
This device complies with Part 15 of the FCC Rules. Operation is subjected to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with limits for a Class B digital device, pursuant to Part 15 of the FCC rules and ETSI (EN) 300328. These limits are designed to provide reasonable protection against harmful interference in residential installations. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio or television equipment reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

► Reorient or relocate the receiving antenna.
► Move the equipment away from the receiver.
► Plug the equipment into an outlet on a circuit different from that to which the receiver is connected.
► Consult the dealer or an experienced radio/television technician for additional suggestions.

CAUTION! Any changes or modifications to this equipment not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

RF Exposure Information
The antenna used for this transmitter must be installed to provide a separation distance of at least 20 cm (7.9”) from all persons and must not be collocated or operating in conjunction with any other antenna or transmitter.
IC Compliance Information

Radio Equipment Notice
The term “IC:” before the radio certification number only signifies that Industry Canada technical specifications were met. Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. “Privacy of communications may not be ensured when using this device”.

CE Compliance Information
Products with CE Marking comply with EMC Directive (2004/108/EC); Low Voltage Directive (73/23/EEC); R&TTE(1999/5/EC) issued by the Commission of the European Community. Compliance with these directives implies conformity to the following European Norms:

► EMC: EN 301 489
► LVD: EN 60950
► Radio: EN 300 328

One-year Limited Warranty

Important: Evidence of original purchase is required for warranty service.

WARRANTOR: UNIDEN AMERICA CORPORATION (“Uniden”) ELEMENTS OF WARRANTY: Uniden warrants, for one year, to the original retail owner, this Uniden Product to be free from defects in materials & craftsmanship with only the limitations or exclusions set out below.

WARRANTY DURATION: This warranty to the original user shall terminate & be of no further effect 12 months after the date of original retail sale. The warranty is invalid if the Product is (A) damaged or not maintained as reasonable or necessary, (B) modified, altered, or used as part of any conversion kits, subassemblies, or any configurations not sold by Uniden, (C) improperly installed, (D) serviced or repaired by someone other than an authorized Uniden service center for a defect or malfunction covered by this warranty, (E) used in any conjunction with equipment or parts or as part of any system not manufactured by Uniden, or (F) installed or programmed by anyone other than as detailed by the owner’s manual for this product.
STATEMENT OF REMEDY: In the event that the product does not conform to this warranty at any time while this warranty is in effect, warrantor will either, at its option, repair or replace the defective unit & return it to you without charge for parts, service, or any other cost (except shipping & handling) incurred by warrantor or its representatives in connection with the performance of this warranty. Warrantor, at its option, may replace the unit with a new or refurbished unit.

THE LIMITED WARRANTY SET FORTH ABOVE IS THE SOLE & ENTIRE WARRANTY PERTAINING TO THE PRODUCT & IS IN LIEU OF & EXCLUDES ALL OTHER WARRANTIES OF ANY NATURE WHATSOEVER, WHETHER EXPRESS, IMPLIED OR ARISING BY OPERATION OF LAW, INCLUDING, BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THIS WARRANTY DOES NOT COVER OR PROVIDE FOR THE REIMBURSEMENT OR PAYMENT OF INCIDENTAL OR CONSEQUENTIAL DAMAGES. Some states do not allow this exclusion or limitation of incidental or consequential damages so the above limitation or exclusion may not apply to you.

LEGAL REMEDIES: This warranty gives you specific legal rights, & you may also have other rights which vary from state to state. This warranty is void outside the United States of America & Canada.

PROCEDURE FOR OBTAINING PERFORMANCE OF WARRANTY: If, after following the instructions in the owner’s manual you are certain that the Product is defective, pack the Product carefully (preferably in its original packaging). Disconnect the battery from the Product & separately secure the battery in its own separate packaging within the shipping carton. The Product should include all parts & accessories originally packaged with the Product. Include evidence of original purchase & a note describing the defect that has caused you to return it. The Product should be shipped freight prepaid, by traceable means, to warrantor at:

Uniden America Service
